Dear Mr. Black:

I was very pleased to receive your letter of December 27 and to learn that your parents came from the same town in Europe as I did.

Your very kind offer to come to New York to take charge of research for the Parkinson's Disease Foundation was also deeply appreciated. I do not have the training or background for pursuing research on Parkinson's disease and, therefore, am really not qualified to accept the offer that you made. Besides, I am quite happy here in Cincinnati where I have excellent opportunities for pursuing the work that I am trained to do.

It was a great pleasure meeting you again in New York recently and I hope that our paths will soon cross again.

With all good wishes for the New Year and with kindest personal regards, I am,

Sincerely yours,

Albert B. Sabin, M. D.
