

theodore berland / february 18, 1961

Dear Dr. Sabin:

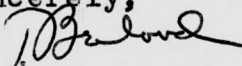

The period of time you have open for my visit fits in very well, as a matter of fact. May I suggest that we spend April 13-20 together? Part of the time I would like to merely observe you going through your day. Part of the time, also, I would like to talk with you, in the laboratory, at your home.

As to whether I chose properly in asking you to be the subject of one of the chapters, there is no doubt in my mind, and I am very grateful that you have agreed.

One more thing, would you please ask your secretary to send me some information as to which hotels are conveniently close to your office and laboratory?

I look forward to seeing you again and will return the material you asked to be returned as soon as I can.

Sincerely,

Albert B. Sabin, MD  
Children's Hospital Research Fnd  
Elland Ave. and Bethesda  
Cincinnati 29, Ohio
