Dear Albert,

It has been a long time since we were last in touch and I trust this letter finds you well.

I am writing you in connection with the Janho family as I understand you know them well and that you helped Rafair Janho be accepted at the Charleston Medical School as an unclassified student.

As you have probably heard, Rafair's father A.N.K. Janho was murdered by extremists last week. It was a terrible tragedy and I feel a moral obligation to help the family in whatever way possible. I would be particularly grateful for any help you can give Rafair in order for him to continue and complete his studies. (The Dean of the College of Medicine in Charleston is Dr. Marcus Newberry.)

With warm regards and every good wish. Jerusalem grows more beautiful from day to day and I hope it will not be long before you visit here.

Sincerely yours,

Teddy Kollek
