15 February 1944

Dr. William McD. Hammon,
Asst. Professor of Epidemiology,
The George Williams Hooper Foundation,
The Medical Center,
San Francisco, California.

Dear Bill:

This is to acknowledge your letter of February 7th and while there are no new developments that I know about, I may say that I am scheduled for a lecture at the Army Medical School on March 1st, so that at least nothing immediate is to be expected.

John Paul arrived in this country yesterday and seems to be in good shape.

With kindest regards,

Sincerely,

Albert B. Sabin,
Major, M.C.
