Dear Dr. Sabin,

Prof. S. Piazzzi of the Istituto Sclavo has kindly informed me of your next visit to Siena.

I am enclosing one of the most recent photographs of my late husband, which I am asking you to accept as a memento of the truly great esteem and sincere friendship he felt for you.

My belief that his memory is still vivid and clear in the mind of his true friends and relatives who loved him, is a great comfort to me.

With my best regards

Yours sincerely,
