Dear Miss Klabin,

I have received a letter from Professor Sabin dated December 31st of which you had a copy. In the meantime I have had an opportunity to speak to him.

I am writing to suggest that, on your arrival in England in February, you phone at the above address and I will do my best to arrange the introduction which Professor Sabin has asked for.

I hope my wife and I will have an opportunity to meet you. I have also heard from Professor Sabin so much about your family that I would be very happy to have an opportunity of meeting your father on some future occasion when he is in London.

Yours sincerely,

Lord Schon
