University of Cincinnati  
Elland Avenue and Bethesda  
Cincinnati 29, Ohio

Dear Albert:

Would it be possible for you to make your visit to Buffalo on the three days December 7th through 9th (Wednesday through Friday), rather than the days you indicated in your recent letter? The purpose of my suggestion is to have you here to participate in a special clinical conference to be held at the Children's Hospital Friday, December 9th, from 10:00 to 11:30. At this conference, we plan to review for your interest our experience with enterovirus infection in this community during the past year, including cases of ECHO 17. However, if my suggested dates are inconvenient, I hope I can arrange to change such a conference to an earlier day. Please let me know whether this would be impossible or inconvenient for you.

My best regards.

Sincerely yours,

*David*  
David T. Karzon, M.D.
