Columbia University
New York 27, New York

Dear Bob:

Thank you very much for your letter of December 1 and for the newly synthesized compound which has just arrived in good condition. Both Schmidt and I were delighted to receive it, because it is the first of the series of new compounds which we were so anxious to test. I just sent along 20 grams of the material to Schmidt for the initial toxicological tests.

With many thanks and kindest personal regards,

Sincerely yours,

Albert B. Sabin, M. D.
