S.C.O., War Department,  
1818 H Street, N.W.,  
Washington, D.C.

Dear Colonel Bayne-Jones:

I have received your communication of April 9th concerning departure for port of embarkation. The circular which accompanied my passport stated that it was valid for departure from the United States for a period of 30 days, and in case of delay further validation was necessary. If this further validation should be necessary in our case, will it be possible to obtain it from the Passport Agent at the port of embarkation upon presentation of an extract of the secret orders?

May I expect special orders for travel between Cincinnati and port of embarkation which I may use in obtaining a transportation request?

Sincerely yours,

Albert B. Sabin,  
Major, Medical Corps.
