Doctor A. V. Savin  
School of Medicine  
University of Cincinnati  
Cincinnati, Ohio

Dear Doctor Savin:

From time to time it is deemed advisable for us to employ consultants to give us advice with respect to our problems. This is especially true with regard to the care and maintenance of our monkey colony.

While we are not in need of such consultant service at this time, we would like to know if we could call on you should the need arise. The dates and duration of any visit you might make here would, of course, have to be mutually agreeable.

Our policy is to pay consultants a fee of \$50.00 per day while at this Laboratory, the cost of transportation, and \$9.00 per diem on the quarter day basis while in travel status.

Please let us know if you would be available should we need you.

Very truly yours,

*T. S. Painter*
