Tranovics

Paris, 16. 05. 1957.

Dear Professor Sabin,

I learn from my Professor in Hungary that he has already corresponded with you, in connection with obtaining from you the Hungarian strain of the pseudorabies (Aujeszky) virus. But, unfortunately, custom's regulations in the USA do not allow you to send the strain directly to Hungary. I believe, that Professor G. Tranovics has suggested that a way out of this difficulty would be to send the sample to me at the Pasteur Institute, and then I could send the strain to Hungary.

We would therefore be very grateful, if you would be kind enough to send the virus to me, c/o Dr. L. ALFÖLDI, Institut Pasteur, Service de Physiologie Microbienne.

Yours sincerely

Dr. Lepidova
