Dr. Hidetake Yaoi
Department of Bacteriology
Yokomana University School of Medicine
2-33, Urafune-Cho
Minami-Ku, Yokohama, Japan

Dear Dr. Yaoi:

I was very glad indeed to receive the list of your publications which was published by the Commemorative Committee in honor of your sixtieth birthday. I should like to add my congratulations to those of all your other colleagues and add my best wishes for many more years of fruitful work. A chronological age of sixty no longer has the significance that it had a generation ago and I hope that universities will come to recognize this. Most of my friends of age sixty are in the prime of life and their thoughts are far removed from retirement -- as I am sure yours are too.

With all good wishes and kindest personal regards,

Sincerely yours,

Albert B. Sabin, M.D.
