Cincinnati, Ohio

Dear Doctor Sabin:

Thank you for bringing to my attention the request of Dr. Thomas Fletcher, Camp Hill, Pennsylvania. I wrote to him immediately and plan to follow-up with a telephone call within the next several days. I have offered him a supply of our vaccine and have asked his cooperation to work with us.

Recently, Dr. Leona Baumgartner expressed appreciation for the offer of our vaccine and noted that after she has had an opportunity to discuss the use of this vaccine in the Health Department of the City of New York she will let me know further of her interest.

Thanking you for your thoughts and interest and with best regards, I am

Yours sincerely,

D. G. Iezzoni
