Dr. A. B. Sabin  
Children's Hospital  
Research Foundation  
Cincinnati, Ohio

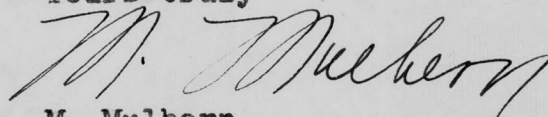

Dear Doctor:

We have had requests for your test for Toxoplasmosis and to date have referred them to you.

Do you think it advisable to do this test in a Public Health Laboratory and if so, is there any Biological Company that prepares the antigen.

We will appreciate very much your advice or any suggestions as to how to handle such requests.

Yours truly

M. Mulhern  
Director Public Health Laboratory

M/B
