Dear Dr. Sabin:

I received a letter this morning from Benjamin H. Sweet saying that he had accepted an appointment with you to begin in July. Of course I am pleased that you have been able to fill this position with a man referred to you by the Employment Bureau. Will you kindly inform me as to the exact date when he begins work and the annual salary which he is to receive.

Have you been able to fill any of the Junior positions which you had available?

Sincerely yours,

Grant L. Stahly
