*Commission  
on Viral  
Infections*

Dr. Albert B. Sabin  
The Children's Hospital  
Research Foundation  
29 Elland Avenue and Bethesda  
Cincinnati, Ohio

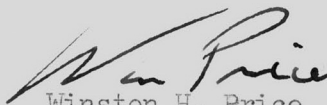

Dear Dr. Sabin:

As Dr. Paul is out of the country I am writing to you concerning the following matter.

It will be impossible for me to attend the Virus meetings in New York on March 28 and 29 due to a pilonidal cyst. I am extremely sorry, as I have been looking forward to attending these meetings with a great deal of interest. I would greatly appreciate being asked to attend future meetings of the commission, as I feel it would be very helpful to me in carrying out our virus program.

Kindest regards.

Sincerely yours,

Winston H. Price  
Associate Professor
